

A large, dark, bowl-shaped object, possibly a piece of furniture or a large bowl, shown from a top-down perspective. The object is dark, possibly black or dark grey, and has a smooth, slightly reflective surface. It is a wide, shallow bowl with a slightly flared rim. The lighting is soft, coming from the top, creating a subtle gradient of light across the surface. The background is a plain, light color, making the dark object stand out.
