 W2 = (min-max) size when the mixer is placed on the surface of the sink.

Order form for MADE TO MEASURE washbasins

1. Choose your basin (mark your choice):

Take into account the requirements of each basin regards the length (L), width (W), and height (H) of countertop!

OPUS MINI 300 x 265 mm
 *W1 = 400 (385-500) mm
 W2 = 450 (440-500) mm
 WM = min. 60 mm; WW = 265 mm
 WB = min. 60 mm
 L = 450-2200; H = 25-150 mm
 A + B ≥ 450 mm
 A + B + C ≥ 900 mm
 On Furniture:
 W1 = min. 385; W2 = min. 440 mm

OPUS 470 x 270 mm
 *W1 = 400 (395-550) mm
 W2 = 450 (450-550) mm
 WM = min. 55 mm; WW = 270 mm
 WB = min. 70 mm
 L = 600-2200; H = 25-150 mm
 A + B ≥ 600 mm
 A + B + C ≥ 1200 mm
 On Furniture:
 W1 = min. 395; W2 = min. 450

OPUS GRANDE 600 x 334 mm
 *W1 = 460 (455-550) mm
 W2 = 510 (510-550) mm
 WM = min. 55 mm; WW = 334 mm
 WB = min. 70 mm
 L = 700-2200; H = 25-150 mm
 A + B ≥ 700 mm
 A + B + C ≥ 1400 mm
 On Furniture:
 W1 = min. 455; W2 = min. 510

OVO 500 x 320 mm
 *W1 = 450 (445-550) mm
 W2 = 500 (500-550) mm
 WM = min. 60 mm; WW = 320 mm
 WB = min. 65 mm
 L = 650-2200; H = 25-150 mm
 A + B ≥ 450 mm
 A + B + C ≥ 1250 mm
 On Furniture:
 W1 = min. 445; W2 = min. 500 mm

CREDO 475 x 430 mm
 *W1 = 550 (545-650) mm
 W2 = 600 (600-650) mm
 WM = min. 60 mm; WW = 430 mm
 WB = min. 55 mm
 L = 600-2200; H = 25-150 mm
 A + B ≥ 600 mm
 A + B + C ≥ 1200 mm
 On Furniture:
 W1 = min. 545; W2 = min. 600 mm

PIANO 560 x 420 mm
 *W1 = 550 (540-600) mm
 W2 = 600 (595-600) mm
 WM = min. 60 mm; WW = 420 mm
 WB = min. 60 mm
 L = 700-2200; H = 25-150 mm
 A + B ≥ 700 mm
 A + B + C ≥ 1400 mm
 On Furniture:
 W1 = min. 540; W2 = min. 595 mm

STRETTO 378 x 180 mm
 *W1 = 300 (280-400) mm
 W2 = 350 (335-400) mm
 WM = min. 50; WW = 180 mm
 WB = min. 60 / 50 mm
 L = 550/500-2200; H = 150 mm
 A + B ≥ 550/600 mm
 A + B + C ≥ 1100 / 1000 mm
 On Furniture:
 W1 = min. 280; W2 = min. 335 mm

ROUND D 400 mm
 *W1 = 500 (500-550) mm
 W2 = 500 (500-550) mm
 WM = min. 60; WW = 400 mm
 WB = min. 50 mm
 L = 500-2200; H = 25-150 mm
 A + B ≥ 500 mm
 A + B + C ≥ 1000 mm
 On Furniture:
 W1 & W2 = min. 500 mm

QUADRO 680 x 290 mm
 *W1 = 450 (410-550) mm
 W2 = 470 (465-550) mm
 WM = min. 60; WW = 290 mm
 WB = 60 mm
 L = 800-2200; H = 25-150 mm
 A + B ≥ 800 mm
 A + B + C ≥ 1600 mm
 On Furniture:
 W1 = min. 410; W2 = min. 465 mm
 No overflow available

* W1 = Recommended (min-max) size when the mixer from the wall

W2 = Recommended (min-max) size when the mixer is placed on the surface of the sink. Marginal deviations of the internal size of the sink and its positioning on the surface +/-5mm.

2. Mark the number of basins you need / write down the key measures of your countertop / mark if you need Towel holder (300 x 35 mm)** fully mark ▽ to show panel location:

**Towel holders TH1, TH2 are available only if the height of the panel (H) is at least 100 mm and the possible position is defined by the manufacturer.

3. Mark the type of mixer tap placement (drilling at no additional cost)***

MIXER TAP ON COUNTERTOP SURFACE

MIXER TAP FROM WALL

5. Mark if you need integrated backwall rim and wall panel, backwall rim and wall panel (thickness = 12 mm) and length equal to surface length (L):

backwall rim (h = 30mm) wall panel h = _____ mm NO

6. Mark if you want tinted countertop & tinted wall panel (Specify a tint name):

MATTE WHITE TINTED _____ (bowel available only in MATTE WHITE)

7. Mark if brackets are needed (see recommended number of brackets below)**:

1 pc. 2 pcs. NO
 3 pcs. (L ≥ 1200 mm) 4 pcs. (L ≥ 1600 mm) integrated brackets (H ≥ 100 mm), included in the price

8. Mark if it is necessary: rounding of the corner(s) of the surface (possible only if the edge height is 25 mm), cutting, milling or drilling:

Rounding*** Milling*** Cutting*** NO

9. Mark if overflow is needed (included in the price):

YES NO
 If NO is not checked, overflow will be made for all washbasins except Quadro.

4. Mark the basin position:

Countertop on furniture

10. Mark drain type:

- Permanent open with Silkstone® cover (DEIZSNOP/00)
- Permanent open with chrome colour cover (L2264)
- Push-open with Silkstone® cover (DEIZCLICK/00) (only for basins with overflow)
- Push-open with chrome cover (L32UM) (only for basins with overflow)

*** IMPORTANT! It is required that all the items of the form are filled in and a drawing is included with the order, specifying the position of the basins, the cut-outs for installing the mixer taps, any rounded corners and cuts, as well as any non-standard solutions: i.e. bevelled surfaces, cutouts, unusually narrow surfaces without cut-outs for installing the mixer taps (wall-mounted mixer taps) etc. If the WB value is not specified in 3., then the dimensions specified in the standard drawings are used for the location of the sink and faucet (see 1.). The integrated brackets are included in the price and are only available if H is greater than 100 mm. The metal mounting brackets must be ordered for an additional fee if the load capacity of the wall is not sufficient or if the H value of the surface is less than 100 mm, not required if the washbasin is placed on furniture.

Prices of FLOW washbasins

FLOW 45

600-3000 × 450 mm
h = 160 mm

Colour – Matte White

Mixer taps can only be mounted on the wall

Order form for washbasins FLOW 45/50

1. Choose your basin (mark your choice):

Take into account the requirements of each basin regards the length (L), width (W) of countertop!

- | | |
|----------------------------------|----------------------------------|
| <input type="checkbox"/> FLOW 45 | <input type="checkbox"/> FLOW 50 |
| W = 450 mm | W = 500 mm |
| W1 = 50 mm | W1 = 60 mm |
| W2 = 110 mm | W2 = 130 mm |
| L = 600-3000 mm | L = 600-3000 mm |
| H = 160 mm | H = 160 mm |
| A + B ≥ 300 mm | A + B ≥ 300 mm |
| A + B + C ≥ 600 mm | A + B + C ≥ 600 mm |

WARNING! Mixer tap holes are not available for the FLOW 45 basin.
Tolerated error of dimensions for basin position and dimensions in the surface +/- 5 mm.

2. Write down the key measures of washbasin:

3. Does the sink will have a mixer from the wall or mixer will be located on the basin surface? Specify the location and number of tap holes:

- mixer from wall mixer on the basin surface (only FLOW 50)

4. Indicate the location and number of syphon holes:

5. Mark if you need integrated backwall rim and wall panel, backwall rim and wall panel (thickness = 12 mm) and length equal to surface length (L):

- backwall rim (h = 30 mm) wall panel h = _____ mm NO

7. Mark if it is necessary milling (for example, cut for waste bin, soap dispenser, etc.)

- Milling** NO

6. Mark the basin position:

8. Comments:

**** IMPORTANT!** It is required that all the items of the form are filled in and a drawing is included with the order: the position of the basins, the locations of the holes for the installation of mixer taps, if necessary, and the location and number of syphon connection. Washbasins don't have overflow. Milling on the surface requires a drawing. Integrated mounts are included in the price.

MADE TO MEASURE CAST STONE WASHBASINS

Examples

OPUS 1200 × 450 × 25
 Set of: Irregularly shaped surface, 1 washbasin OPUS, H = 25 mm, 2 brackets (400 mm), push-open drain with chromed cover.
 Price € 1290 (910 + 160 + 120 + 100)

OVO 1300 × 535 × 25 on the locker.
 Set of: Irregularly shaped surface with rounded corners, 1 washbasin OVO, H = 25 mm, overflow, permanent open drain with chromed cover.
 Price € 1210 (950 + 160 + 100)

 There may be slight differences in the shade of white colour for basins and the rest of countertop. See Cast Stone product colours on page 57.
 Tolerated error of dimensions for basin position and dimensions in the surface +/-5 mm.

Sizes of OPUS washbasins

OPUS
 470 × 270 mm

$A + B \geq 600 \text{ mm}$
 $A + B + C \geq 1200 \text{ mm}$

The distance from the cut-out for the mixer tap to the wall is min 55mm. Overflow available on request

LONG STEP
540 × 335 mm

$A + B \geq 700$ mm
 $A + B + C \geq 1400$ mm
 $W_{min.} = 450$, if the surface is without cut-outs for mixer taps.

The distance from the cut-out for the mixer tap to the wall is min 55mm. Overflow available on request

ROUND
D 420 mm

Minimum length for ROUND washbasins with cut-outs for mixer taps. 45° to the right of the center of the washbasin:

$A + B \geq 500$ mm
 $A + B + C \geq 1000$ mm

OVO
510 × 320 mm

$A + B \geq 650$ mm
 $A + B + C \geq 1250$ mm
 $W_{min.} = 420$, if the surface is without cut-outs for mixer taps.

The distance from the cut-out for the mixer tap to the wall is min 55mm. Overflow available on request

Order form for MADE TO MEASURE Cast Stone washbasins

1. Choose your basin (mark your choice):

Take into account the requirements of each basin regards the length (L), width (W) of countertop!

- OVO 510 x 320 mm**
W = 500 (420-550) mm
L = 650-2000 mm
H = 25 mm
A + B ≥ 650 mm
A + B + C ≥ 1250 mm
WM & WB = min. 60 mm; WB = min. 60 mm

- LONG STEP 540 x 335 mm**
W = 500 (450-550) mm
L = 700-2000 mm
H = 25 mm
A + B ≥ 700 mm
A + B + C ≥ 1400 mm
WM & WB = min. 55 mm

- ROUND D 420 mm**
W = 520 (500-550) mm
L = 500-2000 mm
H = 25 mm
A + B ≥ 500 mm
A + B + C ≥ 1000 mm
WM & WB = min. 60 mm; WB = min. 50 mm

- OPUS 470 x 270 mm**
W = 450 (430-550) mm
L = 600-2000 mm
H = 25 mm
A + B ≥ 600 mm
A + B + C ≥ 1200 mm
WM & WB = min. 60 mm

Tolerated error of dimensions for basin position and dimensions in the surface +/- 5 mm.

2. Mark the number of basins you need / write down the key measures of your countertop:

3. Mark if brackets are needed

(see recommended number of brackets below)*:

- 1 pc.
- 2 pcs.
- NO
- 3 pcs. (L ≥ 1200 mm)
- 4 pcs. (L ≥ 1600 mm)

5. Mark if you want countertop and basin in colour (specify a colour name):

- GLOSSY WHITE BASIN AND COUNTERTOP
- BASIN AND COUNTERTOP IN COLOUR (colors on page 57.). _____

6. Mark the type of mixer tap placement

(drilling at no additional cost):

- MIXER TAP ON COUNTERTOP*
- MIXER TAP ON THE WALL

7. Mark if you want irregular shape of countertop or roundings:

- Irregular shape*
- Roundings*
- NO

9. Mark if overflow is needed (no additional cost):

If NO is not checked, an overflow will be made for all sinks

- YES
- NO

10. Comments:

4. Mark the basin position:

8. Mark the drain type:

- Permanent open with chromed cover (L2264)
- Permanent open drain with Cast Stone cover (DKIZPBNOP/xx)
- Push-open with chromed cover (L32UM) (only for washbasins with overflow)
- Push-open with Cast Stone cover (DEIZPBCLICK/xx) (only for washbasins with overflow)

* **IMPORTANT!** It is required that all the items of the form are filled in and a drawing is included with the order, specifying the position of the basins, the cut-outs for installing the mixer taps, any rounded corners, as well as any non-standard solutions: unusually narrow surfaces without cut-outs for installing the mixer taps (wall-mounted mixer taps) etc. If the WM&WB value is not specified in point 2, then the dimensions specified in the standard drawings are used for the location of the sink and faucet (see point 1). The metal mounting brackets are not required if the washbasin is placed on furniture.

Order form for MADE TO MEASURE surfaces and ON-TOP washbasins on the surface

1. Choose your washbasins (mark your choice)::

Take into account the requirements of each basin regards the length (L), width (W), and height (H) of countertop!

AMORE 600 × 370, h 195 mm
 W1 = 450 (440-600) mm*
 W2 = 400 (355-600) mm*
 WS = 228; WF = 155 mm
 L = 630-2200 mm
 H = 18, 25-150 mm
 A + B ≥ 630 mm
 A + B + C ≥ 1260 mm

BELLA 650 × 390, h 160 mm
 W1 = 450 (435-600) mm*
 W2 = 450 (350-600) mm*
 WS = 198; WF = 182 mm
 L = 670-2200 mm
 H = 18, 25-150 mm
 A + B ≥ 670 mm
 A + B + C ≥ 1340 mm

DECO d 450, h 122 mm
 W1 = 500 (497-600) mm*
 W2 = 450 (415-600) mm*
 WS = 204; WF = 238 mm
 L = 470-2200 mm
 H = 18, 25-150 mm
 A + B ≥ 470 mm
 A + B + C ≥ 940 mm

ROUND ON d 410, h 140 mm
 W1 = 400 (390-600) mm*
 W2 = 350 (305-600) mm*
 WS = 245; WF = 90 mm
 L = 430-2200 mm
 H = 18, 25-150 mm
 A + B ≥ 430 mm
 A + B + C ≥ 860 mm

FELICE 690 × 375, h 158 mm
 W1 = 450 (405-600) mm*
 W2 = 350 (320-600) mm*
 WS = 228; WF = 122 mm
 L = 710-2200 mm
 H = 18, 25-150 mm
 A + B ≥ 710 mm
 A + B + C ≥ 1420 mm

Indicate the PAA washbasins tint (see Silkstone® tints on page 58):

MATTE WHITE

Surface with washbasin of another manufacturer

TINTED: _____

Surface without washbasin

GRAPHITE

Tolerated error of the positioning of cut-outs and milling on the surface +/-5 mm.

*W1 (mixer tap on the surface). W2 (mixer tap from the wall). Attention! The surface of the drain cover is made from the same material as the washbasin.

2. Mark the number of basins you need / write down the key measures of your countertop / mark if you need towelholder (300 x 35 mm)** / fully mark ▽ to show panel location:

** Towel holder (TH1&TH2) is available only if the height of the panel (H) is at least 100 mm and the possible position is defined by the manufacturer.

3. Mark the type of mixer tap placement, indicate the position of the mixer and the washbasin

(If WS and WB are not indicated, then the dimensions indicated in the standard drawings are used for the location of the washbasin and mixer tap, cut-outs in the surface are included in the basic set and in the price, if a PAA washbasin is ordered):

MIXER TAP ON COUNTERTOP SURFACE***

MIXER TAP FROM WALL
(write mixer tap lenght MIX)

4. Mark the surface location in the room:

Surface on furniture***

5. Mark if you need backwall rim (h = 30 mm) and wall panel (h = 60-400 mm), backwall rim and wall panel (thickness = 12 mm) and length equal to surface length (L):

backwall rim (h = 30 mm) wall panel h = _____ mm (h = 60 - 400 mm) NO

6. Mark countertop & wall panel colour (Specify a tint name):

MATTE WHITE TINTED _____ GRAPHITE

7. Mark if brackets are needed

(see recommended number of brackets below)***:

1 pcs. 2 pcs. NO
 3 pcs. (L ≥ 1200 mm) 4 pcs. (L ≥ 1600 mm) integrated brackets (H ≥ 100 mm), included in the price

8. Mark if it is necessary: rounding of the corner(s) of the surface (possible only if the edge height is 18 / 25 mm), cutting, milling or drilling:

Rounding*** Milling
 Cutting*** Drilling
 NO

9. Special marks:

*** IMPORTANT! It is required that all the items of the form are filled in and a drawing is included with the order, specifying the position of the basins, the cut-outs for installing the mixer taps, any rounded corners and cuts, as well as any non-standard solutions: i.e. bevelled surfaces, cutouts, unusually narrow surfaces without cut-outs for installing the mixer taps (wall-mounted mixer taps) etc. The integrated brackets are included in the price and are only available if H is greater than 100 mm. The metal mounting brackets must be ordered for an additional fee if the load capacity of the wall is not sufficient or if the H value of the surface is less than 100 mm, not required if the washbasin is placed on furniture.

	Optional: Panel, h = 110 mm**	160								

* Siphon with cover in Silkstone® cover included
 ** 90° angle between adjacent sides with panel is required
 *** Panel is always the same colour as shower tray

Adjustable legs, irregular angles, and cut-outs on sides are included in price. Tolerated error of dimensions for CRAFT Made to Measure shower tray is ±3 mm. Order form for CRAFT Made to Measure shower tray (see p. 55) has to be filled out, when placing an order.

Cast Stone shower tray siphon (optional)

Silkstone® shower tray siphon (included)

Siphon TurboFlow ø 90 mm

Siphon Viega Tempoplex Plus ø 90 mm*

CRAFT Made to Measure shower tray

900-1800 x 800-1000 mm*
 h = 35 / h = 135 mm (with panel)

Panel (h = 100/110 mm)

Shower tray surface cut-out examples:

If the shower tray has narrow or wide angles between the edges, the dimensions W and L for the price table are determined according to the principle shown in the illustration

Additional information to consider when ordering a CRAFT shower tray

1. To ensure extra strength, all CRAFT shower trays are made with an additional layer of reinforcement. This means that if the shower tray is to be placed on a surface without legs, the surface must be prepared with an additional recess.

2. Taking into account the specifics of CRAFT shower tray production, due to the drop in shape, the edges of the shower tray may be offset from a straight plane.

Dimensions for Cast stone shower trays:

Dimensions for Silkstone® shower trays:

** 3 mm thick polypropylene must be laid between the shower tray and the surface

ORDER FORM FOR CRAFT MADE TO MEASURE SHOWER TRAY

1. Mark your choice of material:

- Cast Stone Silkstone®

2. Mark your choice of colour:

- White in colour*, (write the name): _____
**Only the cast stone shower tray can be colored*

3. Draw your shower tray:

- a) read suggestions on how to measure (top right corner);
- b) measure the place, where your shower tray will lay;
- c) draw perimeter of your shower tray in the grid:
 - the perimeter of shower tray has to fit within the perimeter of grid,
 - scaling of one grid box is 50 × 50 mm,
 - show measurements for all sides of your shower tray in the form of projections of these sides on the perimeter of grid below (see example to the right)

4. Mark the edges of the shower tray that will fit against the wall

5. Mark sides where panel is needed

6. Mark the mounting type of the shower tray:

- Assembly with legs Assembly without legs

7. Mark the shape of the shower tray:

- Rectangle (angles do not need to be indicated in the drawing)
 Irregular

8. Special remarks:

How to measure

1. All measurements have to be made:

- in millimeters
- for the height in which shower tray will be installed
- to walls with done finishing, e.g., walls with tiles

2. Make sure the walls are straight, to avoid unexpected gaps between the wall and shower tray

Example of shower tray drawing:

WALL PANEL
 The dimensions of the drawing are: DIMENSIONS FOR THE WALL
 DIMENSIONS FOR THE SHOWER TRAY

If the shower tray is to be placed in a niche, the tray length and width dimensions of the gauge must be reduced by 3 mm.

= 50 × 50 mm

SUGGESTIONS ON HOW TO PREPARE THE DRAWING OF A DECO SHAPE BATH

Each DECO SHAPE bath is one of a kind – made to the measures and drawing provided by client

How to measure

- All measurements have to be made:
 - in millimeters;
 - for the height of bath surface;
 - to walls with done finishing, e.g., walls with tiles.
- Make sure the walls are straight, to avoid unexpected gaps between the wall and bath

How to draw your bath

- Explore the illustration *Example of a bath drawing*
- Choose one side of grid in the drawing *Maximum size of a bath's surface* to represent a side of your bath that is next to the wall, then draw other walls that will border your bath
- Cut out (alongside dashed line) bath from the illustration *Minimum size of a bath* and see where it fits in your drawing, glue it once there is a perfect fit
- Draw the outer border(s) of your bath
 IMPORTANT! Mark the place for mixer tap and make sure that water supply is feasible there. The same goes for draining of water
- Show measures for all elements of your bath in the same manner, as in illustration *Example of a bath drawing*

Example of a bath drawing

6. Indicate the location of the mixer tap cut-outs and their diameters in the drawing

7. Indicate the surface tint: _____

 = 50×50 mm

Maximum size of a bath's surface

2500 × 1250 mm; 1 box = 50 × 50 mm

Minimum size of a bath 1660 × 750 mm

How to compose articles for orders of PAA products

Example of TRE 170 bath

Chosen options: Right side bath; Front panel, high; colour GLOSSY SILVER

1. Choosing appropriate articles:

VATREGR/D/xx – right side bath (replace xx with colour code and write the name of colour in brackets after the article)

PATREGRA/D/xx – panel for right side bath (the same actions, as for the bath)

2. Completing articles for the order:

VATREGR/D/01 (GLOSSY SILVER) + PATREGRA/D/01 (GLOSSY SILVER)

Example of VARIO L AD vbath

Chosen options: length 1660 mm; drain-overflow in metal, chrome colour; 2 rounded corners (A, D); colour: inside Glossy Alpine White, outside GLOSSY Grey (bath in two colours)

1. Choosing appropriate articles:

VAVARLAD/xx – bath (replace xx with colour code and write the name of colour in brackets after the article)

SIFVARM/H – drain-overflow in metal, chrome colour

2. Completing articles for the order:

VAVARLAD/01 (GLOSSY GREY / GLOSSY ALPINE WHITE) + SIFVARM/H

Explanation of symbols that are used in product articles after slash “/”

Cast Stone products

xx – to be replaced by the choice of colour:

00 – Glossy Alpine White

01 – indicates colour other than white

Silkstone® and GRAPHITE products

xx – to be replaced by the choice of colour:

00 – Matte White

01 – GRAPHITE

02 – tinted Silkstone® (for Made to Measure products see page 58.)

03 – Matte Grey

04 – Matte Caffelatte

A – Left side

D – Right side

Attention! when creating an article, in the order notes, mark whether a mono or duo tone bathtub is required (see example)

PAA EXTENDED WARRANTY TERMS

SIA "PAA" (PAA) has been producing baths, washbasins and shower trays since 1993. The PAA factory is located in Latvia, the European Union. The products are produced from high-quality materials and comply with EU norms. Properly cared for, they will last for decades, which is why PAA offers a warranty of ten years.

Warranty conditions:

1. PAA guarantees that its products – baths, shower trays and washbasins (Products) – will remain fully functional and will not alter their shape or colour, produce surface peeling, cracks or blisters (Defects):
 - a. for ten years from the date of purchase, regardless of the date of installation, if the Product is used in domestic conditions;
 - b. for two years from the date of purchase, if the Product is used in commercial or public facilities (for example, restaurants, offices, educational institutions, hotels, residences or sports centres, etc.).
2. PAA grants:
 - a. a four-year warranty for the components of the massage system, if the bathtub with a massage system has been installed by an authorised representative of the PAA;
 - b. a two-year warranty for massage system components, overflow drains, panels, fittings, wooden parts and other accessories.
3. All PAA Products feature the CE marking and comply with EU safety, health and environmental protection requirements.
4. If a Defect is discovered in the Product under the terms and conditions of this warranty, the Product will be repaired or replaced after due inspection. The replacement Product will have the same characteristics (material, dimensions, colour, etc.) as the original Product, unless this is not possible due to the discontinuation of production, in which case PAA will replace it with a Product with similar characteristics.
5. The PAA warranty is void:
 - a. if the Product has been damaged by third parties or the Owner during transportation, installation, maintenance or repair (except for in cases where installation, maintenance or repair was performed by a person authorised by PAA);
 - b. if the Product has been intentionally or unintentionally damaged by the Owner as a result of improper storage or use of the Product (e.g., exposure to the environment; exposure to excessive UV radiation; thermal shock when filling a cold bath with water hotter than 60 degrees Celsius; exposure to chemical and mechanical damage, etc.);
 - c. if the Product has been arbitrarily modified in any way;
 - d. if the Owner has failed to comply with the installation and operating instructions;
 - e. if Defects have been caused by external factors beyond the control of PAA (e.g., mains failure; poor water quality; thermostatic valve malfunction; lightning; fire; flood, etc.).
6. The PAA warranty does not apply to:
 - a. Natural wear and tear of the product (e.g., surface wear, scratches, dents, discolouration due to the sun's UV radiation, wear of seals and bathtub pads, etc.);
 - b. slight changes to the surface of the Product which are characteristic of the appearance of natural stone and do not affect its structural integrity;
 - c. unevenness on the underside of the Product that is not visible and does not affect its use.
7. PAA recommends leaving the installation of the Products to an authorised representative of PAA or another professional plumbing service.
8. PAA reserves the right to make minor changes to the appearance and design of the Product. The permissible length and width tolerances are +/-5 mm for dimensions up to 1 m and +/-10 mm for dimensions above 1 m.
9. When making a warranty claim to PAA, the buyer must present a valid proof of purchase and/or a PAA warranty card.
10. All transportation and installation costs associated with the replacement of the Product under this warranty shall be borne by the Owner.
11. By purchasing the Product, the Owner agrees that PAA shall not be liable for damages exceeding the amount specified in the original Product invoice and/or delivery note and/or receipt. PAA shall not be liable for damages not covered by this warranty:
 - a. including, but not limited to, liability for a product not fit for use, lost profits, lost business, inconvenience or moral damages to the owner;
 - b. indirect and consequential damages or penalties from third parties related to damage of the Product.

FOR NOTES:
